

# VideoTouch compact

**Forget the hassle of legacy videoconferencing systems and focus on the essentials**

VideoTouch Compact makes videoconferencing from a meeting room easier while maintaining a high level of quality and confidentiality.

Manage your videoconferencing with fingertips with incredible ease

Get rid of technical issues and forget the tedious handling of remote controls, complicated network configurations and interoperability issues.

For a small group or a videoconference involving many participants, the VideoTouch Compact simplifies your life and allows you to communicate confidentially from your meeting room.

**Simpler**

- ✓ **Ergonomic touch console**  
Enlarge videos, moderate participants or share a computer screen
- ✓ **Clear and intuitive interface**  
Get back to the graphic universe of Tixeo solutions for smartphones and workstations
- ✓ **Easy installation**  
No dedicated line, no complex firewall settings

**More efficient**

- ✓ **HD Video**  
Latest-generation PTZ camera with Carl Zeiss optics
- ✓ **Crystal clear sound**  
Microphone/loudspeaker system integrated in the console delivering pure, intelligible sound without echo or reverberation
- ✓ **Power and smoothness**  
VideoTouch Compact features 7th generation Intel® Core i5 processor

**Safer**

- ✓ **Encryption**  
End-to-end encrypted audio/video communication in a multipoint meeting
- ✓ **No ports to open**  
No impact on network security policy
- ✓ **Compartmenting meeting**  
Impermeability of data from one meeting to another

La technologie Française Tixeo est certifiée CSPN et qualifiée par l'ANSSI (Agence nationale de la sécurité des systèmes d'information)

## Effective collaboration

Connect any equipment to the VideoTouch Compact to instantly view your working documents.

VideoTouch Compact makes your collaborative processes easier: plug in your computer or tablet (HDMI). A simple tap on the screen activates the sharing, and the content is displayed on the participants' screens.

**The integrity and confidentiality of your documents are perfectly guaranteed: the VideoTouch Compact does not have access to your data, it only displays them.**

### The Tixeo universality

VideoTouch Compact remains an open videoconferencing system: the TixeoGateway option provides perfect interoperability to communicate with legacy videoconferencing systems such as SIP or H.323 without any of their inconvenience.

## High resolution touch panel & HD video camera

VideoTouch Compact revolutionizes the organization of your videoconferences from a meeting room. Its format and high definition touchscreen offer a simplified handling: in a few seconds you invite your participants and start the meeting without worrying about technical issues related to its use. Bring your meetings to life with the motorized HD camera.

### Touch panel

<b>Processor</b>	7th Generation Intel® Core i5, Intel Q270 Chipset
<b>Memory</b>	8 GB (2 x 4 GB) DDR4-2400 MHz
<b>Touchscreen</b>	11.6" touchscreen, 360° rotatable, 1920 x 1080 resolution, 16:9 aspect ratio
<b>Audio</b>	Dual 4W Dolby® Audio Premium tuned speakers 2 x microphone array tuned for far-field sensitivity
<b>Ports &amp; Slots</b>	HDMI-in, 2 x HDMI-out, RJ-45 Ethernet, 4 x USB 3.0 (Type A) 3.5 mm stereo jack
<b>Capture</b>	Integrated capture card - HDMI
<b>Security</b>	Kensington Lock for chassis Secure cable management door
<b>Dimensions (L x W x H) / Weight</b>	279 mm x 193 mm x 176 mm - 10.98" x 7.60" x 6.93" / 2,5kg

### Camera

<b>Typology</b>	Smooth motorized pan PTZ
<b>Tilt</b>	130°
<b>Optic</b>	Carl Zeiss, 10x lossless HD zoom
<b>Field of view</b>	90°

Four omni-directional microphones
Frequency response: 100Hz – 11KHz

<b>Microphone set</b>
<b>Microphone Type:</b> Mono, wideband, noise canceling
<b>Cable length:</b> 2,4 m
<b>Dimensions (L x W x H) / Weight:</b> 83 mm x 83 mm x 21 mm / 230 g

### Technical requirements

- 2 power supply
- 1 LAN RJ45 network plug
- A screen with HDMI plug

Tixeo, a software editor, does not manufacture hardware.

It supplies equipment under the **DELL, ELO, LENOVO and LOGITECH** brands.

# TixeoRoom

The video conferencing equipment recommended by Tixeo

Meeting room

## ▶ VideoTouch

Complete equipment to provide your medium-sized meeting rooms with 4K video quality

## ▶ TixeoRoom Kit Standard

For small meeting rooms

Wireless touch keyboard

System unit

Camera speaker/microphone package

Furniture

## ▶ Mobile cart for 1 screen

- Screen height adjustment +/- 200mm (5 positions)
- Steel base of 8mm, Titanium color epoxy painting
- Width of the column 150mm, white or black epoxy painting
- 10 multidirectional wheels Ø35mm
- Multiple plug (France only)
- **Glass shelf, camera shelf, codec box included**

## ▶ Mobile cart for 1 or 2 screens

Its mobile steel base and its aluminium column were designed to hold 1 screen up to 95" or two screens 75"

- Base available with wheels (fixed feet also supplied)
- Easily rolls through standard size doorways
- Space for cables storage in the base
- Simple and easy installation
- Factory pre-assembled mount
- Custom packaging to protect the column during transportation
- **Glass shelf, camera shelf, codec box included**

Desktop

## ▶ Standard Desktop kit

To have the best sound and image quality for the best price.

**1080p High definition Webcam**  
H.264 video compression, field of view 90

**USB Headset H390**  
Rotating noise-cancelling microphone, integrated audio control

## ▶ Executive Desktop kit

For those who want the highest quality and comfort.

**1080p High definition Webcam**  
H.264 video compression, field of view 90

**Chat 50 USB**  
Hands-free kit for computer VoIP USB
