

VideoTouch

compact

FORGET THE HASSLE OF LEGACY
VIDEOCONFERENCING SYSTEMS AND
FOCUS ON THE ESSENTIALS

VideoTouch Compact makes videoconferencing from a meeting room easier while maintaining a high level of quality and confidentiality.

MANAGE YOUR VIDEOCONFERENCING WITH FINGERTIPS WITH INCREDIBLE EASE

Get rid of technical issues and forget the tedious handling of remote controls, complicated network configurations and interoperability issues.

For a small group or a videoconference involving many participants, the VideoTouch Compact simplifies your life and allows you to communicate confidentially from your meeting room.

EASIER

- ✓ **Ergonomic touch console**
Enlarge videos, moderate participants or share a computer screen.
- ✓ **Clear and intuitive interface**
Get back to the graphic universe of Tixeo solutions for smartphones and workstations.
- ✓ **Easy installation**
No dedicated line, no complex firewall settings.
- ✓ **Smart multiscreen display**
Participants' videos and shares are automatically distributed and maximized on 1 or 2 screens in 1080p HD quality.

POWERFULLER

- ✓ **HD Video**
Latest generation high-resolution motorized camera with a 2 megapixel ultra-sensitive Sony sensor.
- ✓ **Crystal clear sound**
Microphone/loudspeaker system integrated in the console delivering pure, intelligible sound without echo or reverberation.
- ✓ **Power and smoothness**
VideoTouch Compact features 8th generation Intel® Core i5 processor.
- ✓ **Evolving**
The system can be adapted to larger rooms with the addition of extra speaker phones.

SAFER

- ✓ **Encryption**
End-to-end encrypted audio/video communication in a multipoint meeting.
Encrypted communication link between client and server.
- ✓ **Only one port to open**
No impact on network security policy.
- ✓ **Compartmenting meeting**
Impermeability of data from one meeting to another.
- ✓ **ANSI Certification/Qualification**
- ✓ **GDPR compliant videoconference**

The **French technology** Tixeo has obtained a CSPN certification and a qualification from ANSSI (French National Agency for the Security of Information Systems)

EFFECTIVE COLLABORATION

Connect any equipment to the VideoTouch Compact to instantly view your working documents.

VideoTouch Compact makes your collaborative processes easier: plug in your computer or tablet (HDMI). A simple tap on the screen activates the sharing, and the content is displayed on the participants' screens.

The integrity and confidentiality of your documents are perfectly guaranteed: the VideoTouch Compact does not have access to your data, it only displays them.

THE TIXEO UNIVERSALITY

VideoTouch Compact remains an open videoconferencing system: the TixeoGateway option provides perfect interoperability to communicate with legacy videoconferencing systems such as SIP or H.323 without any of their inconvenience.

THE VIDEOTOUCH RANGE FOR YOUR VIDEO CONFERENCES

VideoTouch compact

For meeting rooms up to 10 people

Benefit from a high performance and quality starter kit for your small group videoconferences.

Contains: 1 touchscreen console + 1 camera

VideoTouch compact group

For meeting rooms of 10 to 15 people

Take advantage of an over-equipped system, adapted to video conferences organized from medium-sized meeting rooms.

Contains: 1 touchscreen console + 1 camera + 1 speakerphone

THINK LARGER!

Maximize the capacity of your VideoTouch and increase the potential of your videoconferences.

By adding additional microphone or speakerphone expansions, you can accommodate even more participants. This ensures that everyone can be heard.
